October 12, 2017

Dear Students, Parents, Educators, and Community Members,

I am writing to you on behalf of the Pentucket Regional School Committee and School Building Committee with additional information and notice of a change in times for the last two meetings.

The District is committed to being as inclusive as possible in the upcoming planning workshops. Everyone is encouraged to participate, even if for only one or two of the meetings or a portion of any meeting. You are invited to participate in the next step of the school building process with Jason Boone, the educational consultant with our designer, *Dore & Whittier*. Mr. Boone will be conducting three interactive planning workshops, all conducted in the **Pentucket High School cafeteria**. The first is scheduled for **November 8th (4 p.m. until 8 p.m.)**.

The times for the second and third planning workshops have been changed due to feedback received this week. The workshops scheduled for **November 15 and December 13, 2017 will be conducted from 6 – 9 p.m.**

Participants will have an opportunity to consider contemporary practices in education and ultimately contribute to the development of an overarching plan that will inform the work of the designer. Although it is not required, it is preferred for participants to attend each session, since there is a sequence and progression of information and learning.

Please register by sending an email to me at jmulqueen@prsd.org with **Planning Workshop** in the subject line of your email by October 27, 2017. Additionally, please provide information about any dietary restrictions that you have so that I can accommodate needs as possible and details about child care that you might require.

I hope you will be able to participate and contribute to our next steps for a school building project. These planning workshops are the first of many opportunities for everyone to contribute input and offer feedback. Notices will be distributed regarding future meetings and events.

Sincerely yours,

Jeffrey J. Mulqueen, Ed. D.
Superintendent of Schools
